

2016 Committee Descriptions

DEVELOPMENT

Interested in building the foundations of the undergraduate research community? As a member of the development committee, you will be responsible for the continuity and growth of YURA.

Responsibilities include:

- Developing and maintaining relationships with financial sponsors
- Applying for grants and funds from Yale and outside sponsors and programs
- Recruitment of the 2017 YURA Board
- Preserving non-profit status and relationship with the Yale UOC
- Documenting YURA activities in a comprehensive manner

MEDIA

Interested in being the public face of YURA? As a member of the media committee, you will directly engage with the Yale community through a multitude of platforms and methods.

Responsibilities include:

- managing YURA's social media presence
- constructing newsletters, forms, and advertisements
- administering the YURA website
- coordinating with reporters/news outlets
- building tech infrastructure (web/mobile apps)

OUTREACH

Interested in being the voice behind YURA's initiatives and growth? As a member of the outreach team, you will be working directly with other student organizations, faculty members, and the administration to empower our community with the resources and connections they need.

Responsibilities include:

- Communication with student groups, administration, and faculty
- Communications with other AURA Member Organizations
- Content Development for YURA Events and Resources

PROGRAMMING

Interested in organizing events to grow the research community and connect undergraduates on campus? As part of the programming team, you will be at the center of planning YURA's annual events, such as workshops, talks, conferences, mentoring programs, and mixers.

Responsibilities include:

- Planning and scheduling YURA events
- Coordinating between different YURA committees
- Handling event and program logistics
- Planning the YURS 2016 Research Conference
- Suggesting new ideas for YURA programs

^{*}Students with graphic design, software, or social media experience are encouraged to apply!

^{*}Prior research experience not required, but preferred for team members
